1800 BEAUTY HELPLINE:

"UH OH, MY FAKE LASHES ARE SO CROOKED I LOOK LIKE I'VE GOT SPIDER EYES." **SARAH, 18**

LAUREN TO THE RESCUE:

"First, apply glue along the band of your false lashes, adding extra glue to the ends. Wait about five to seven seconds before you apply the lashes with rounded tweezers. Once they're sitting along your lash line, press down on the ends to hold them in place, then press the middle. To finish, add a thin line of liquid liner along the upper lash line and apply mascara to bond your real and false lashes."

1800 BEAUTY HELPLINE:

"EEK! MY FOUNDATION IS UNEVEN." **KELLY, 11**

LAUREN TO THE RESCUE:

"Take a little foundation and apply it all over with your fingers, starting from the nose and working your way out towards the hairline. Use a brush to apply a touch more to the T-zone, around your nose, lip area, hairline and under the chin. Finally, take a foundation powder and lightly dust it all over your face."

1800 BEAUTY HELPLINE:

"ARRGHI! I HAVE DARK PUFFY BAGS UNDER MY EYES."

DANIELLE, 17

LAUREN TO THE RESCUE:

"To hide dark circles, take a yellow-based concealer, a shade lighter than your natural skin tone, and dab it gently under the eye area. For puffy eyes, use a concealer a shade darker than your natural skin tone to shadow the puffiness." Try: 13 Sheer Cover Duo Concealers \$29.95

Try: 12 L'Oreal Paris Telescopic Liquid Eyeliner \$23.95

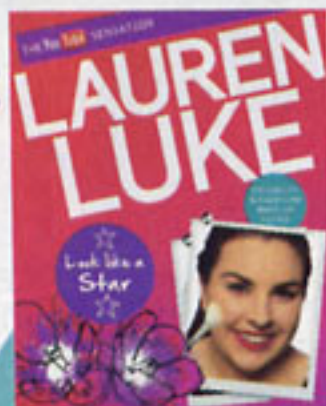

1800 BEAUTY HELPLINE:

"HELP! MY LIQUID EYELINER HAS MORE BUMPS THAN A POLYGRAPH TEST!" **STEPH, 16**

LAUREN TO THE RESCUE:

"It's tricky, but hold your liquid liner like a pen and gently rest your little finger against your cheek to help steady your hand. Start at the middle of your lash line, bringing the line outward with a little flick. You can then create a line from the inner corner of your eye and join it to where you started in the middle."

30 YOU LITTLE Beauty TRICKS

8 For curly lashes around the clock, squeeze them at the roots with a curler, then lock in with waterproof mascara.

11 Fake lashes will continue to dominate the beauty scene this year. The Lash Me Professional Reusable Eyelashes from \$9.95 brag 13 lash styles and make applying easy with step-by-step instructions on the back of the pack.

TRICKS

Shake up your pretty routine with these super-cute ways to get your glam on.

12 Thanks to label Mami, the headscarf is back. We love its "I-might-be-famous" factor, when really it's just hiding bad hair.

13 Dizzle cool water on chamomile teabags, wring and then rest on problem areas like your chin, nose and forehead to unblock angry pores.

Weave coloured ribbons through your hair to channel Angelina Ballerina. It's quite simple — just pull your hair into a ponytail, split it in half, attach a ribbon at the top and twirl the two sections around each other.

10 Take your senses on an island holiday with beauty's tropical obsession. Fudge's dry shampoo \$16.95 David Babai for Wild Aid's Bohemian Beach Spray \$23.70 and Pure Fiji products from \$8.80 smell just like summer.

14 Have a fling with metallic eye make-up, a key look at Ossie Clark. Just press some sparkly shadow (like M.A.C Gold Pigment \$39 or BYS Eye Crème Glitter \$4.95) into your lids, run some black kohl under your lower lashes and seal with mascara.

15 A spray gel like TRESemmé 24 Hour Body Sculpting Spray Gel \$7.95 is the perfect tool to turn bad bed hair into a hot mess. Spray, then twist small sections of hair around your fingers.
