SUPA SYRINGE

There can't be too many 49-year-old mums who look as good as Madge! Her secret? Regular anti-ageing injections of Mesoeclat (a botox alternative) to firm and smooth the skin. The *Material Girl* admits, 'I am certainly not against plastic surgery - however, I am absolutely against having to discuss it.' The treatment, which works on 'neglected' skin, is already huge in Hollywood - keep an eye out for it coming soon to a salon near you!

LADY LUMPS

The dimply stuff plagues more than 85 per cent of Aussie women. Even perfect-pinned Sienna Miller admits, 'I have cellulite!' The newly launched Cellulite RX is currently considered to be one of the most effective over-the-counter remedies - but according to cellulite expert Susie Prichard-Casey from Stone Soul in Sydney, your hands are your best tool. 'Massage is highly effective at eliminating cellulite by easing lymphatic congestion, breaking down toxic deposits and boosting blood flow.' (Technique is crucial so get an expert to show you how it's done.) Whatever your preference, with summer upon us now's the time to tackle it!

Time poor? Loop your pony in a simple bun for a more casual version of the same look

The *Elizabeth* star rules when it comes to sophistication, and this elegant 'do is one of her best. On trend for its sideways skew, a bun will let your features take the limelight, plus there's something very alluring and feminine about a bare neck. We asked Sydney-based stylist Alan Coban to give us the low-down on Cate's classy chignon.

How to...

- 1 Wash hair with a deep-cleansing shampoo (1). Towel dry, then apply a smoothing serum (2). Blow-dry hair straight using a round brush (3) at the crown to maximise volume.
- 2 Part your locks slightly off-centre, pull your hair back behind your ears and secure in a low, side ponytail. Loop your locks around the elastic to create the chignon and pin into place.
- 3 Finish with a light hairspray (4) to ensure you're paparazzi-proof.

HOME-GROWN GLAMOUR

One look at red-carpet hairstyles will show that the stars are loving silver-screen curls right now. And any beauty editor will tell you that recreating this natural-yet-glam style is one of their most sought-after tips! Want to DIY? There's no doubt that salon-style hot rollers will take the trickery out of at-home waves, and the new BaBylissPRO 20pc Ceramic Hot Roller Set (with instant heat technology) means no mess-ups and no waiting. Best of all, the ceramic finish creates those healthy, shiny curls that simply shout 'celebrity'!

BLOWN AWAY...

...Is exactly how we felt in the OK! office when this baby arrived! A perfect hairdryer is on the wishlist of every Aussie woman - and whoever said good things come in small packages must have been referring to the hot new Parlux 3500 SuperCompact Dryer. It's one of the smallest, sleekest 2000-watt professional dryers we've seen (it's only 17cm long), yet it still delivers all the party-season essentials: a speedy dry without damaging your locks. Our picks? The statement red and gold styles.

STAR STRAIGHTENER

Want star style in a flash? For instant chic you can't go past the sleek blow-dry look that's coveted by celebrities, whatever the season. There's no need to blow the budget on a star hairstylist, however – Silver Bullet straighteners (in super-sleek titanium or ceramic versions) offer that mirror-like shine in front of your own bathroom mirror! They're among the best in the biz, and there's a model to suit every girl. We're talking some pretty amazing time and hair-saving technology here: think low-friction plates so hair simply slides through (no snagging or pulling), and a 'nano' silver body which also works as an antibacterial agent (it actually helps eliminate hair odour!).

BaBylissPRO, Parlux and Silver Bullet are available from selected Hairhouse Warehouse, Petra Hair Care, Price Attack and Shaver Shop stores, plus selected leading salons. For your nearest stockist call Dateline Imports P/L 1800 251 215 or visit www.datelinecity.com
